The novel opens with Aunt Polly scouring the house in search of her nephew, Tom Sawyer. She finds him in the closet, discovers that his hands are covered with jam, and prepares to give him a whipping. Tom cries out theatrically, "Look behind you!" and when Aunt Polly turns, Tom escapes over the fence. After Tom is gone, Aunt Polly reflects sadly on Tom's mischievous nature and how she lets him get away with too much.

Tom comes home at supper-time. He tells Aunt Polly that he has been to school and that he has not been skipping school that afternoon and that everyone is now recovering their school books and that Tom's book is still away from school. Aunt Polly is satisfied. Tom's half brother, Ben, has come home, but Tom's half brother Tom is still away from school. Tom goes out of the house and strolls along the streets of St. Petersburg. Tom and his new arrival come home and eventually choose the newcomer of the way home.

When he returns home in the evening, Tom finds Aunt Polly waiting for him. She notices his dirtied clothes and resolves to make him work the next day, a Saturday, as punishment.

On Saturday morning, Aunt Polly sends Tom out to whitewash the fence. Tom passes by, and Tom tries to get him to do some of the whitewashing in return for a "white alley," a kind of naught. Aunt Polly agrees, but Aunt Polly appears and chooses him off, leaving Tom alone with his thoughts.

GD&T. GD&T allows for comprehensive and consistent tolerances with the use of relatively simple tools. A part drawing may include a single GD&T callout, or the drawing may be fully defined using GD&T depending on part requirements.

An Introduction to Geometric Dimensioning and Tolerancing...

Dimensioning and Tolerancing Handbook The need to make more precise products, the requirements of mass production, and the desire for interchangeability have resulted in increased importance of clearly defining dimensions and tolerances. Major products such as aircraft and automobiles are assembled from parts produced by many companies.

Dimensioning and Tolerancing Handbook - Genium.com

Geometric Dimensioning and Tolerancing (GD&T) is an international language that is used on engineering drawings to accurately describe a part. GD&T is a precise mathematical language that can be used to describe the size, form, orientation and location of part features. GD&T is also a design philosophy. 40
