Mysql And Jsp Web Applications Data Driven Programming Using Tomcat And Mysql James Turner
The novel opens with Aunt Polly scouring the house in search of her nephew, Tom Sawyer. She finds him in the closet, discovers that his hands are covered with ink, and prepares to give him a whipping. Tom cries out theatrically, "Look behind you!" and when Aunt Polly turns, Tom escapes over the fence. After Tom is gone, Aunt Polly reflects sadly on Tom's mischief and how she lets him get away with too much.

Tom comes home at supper, and is told by his father that he won't be allowed to go to school that afternoon and won't have a cent that evening. As Tom walks down the street, he runs into the man who had been accused of robbing the post office. Tom stabs himself to disguise his bad conscience.

On Saturday morning, Aunt Polly sends Tom out to whitewash the fence. Tom passes by, and Tom tries to get Tom to do some of the whitewashing in return for a "white alley," a kind of notebook. Tom almost agrees, but Aunt Polly appears and chases him off, leaving Tom alone with his toil.

Tom comes home at supper. Tom’s mother has prepared his favorite meat and potatoes, but Tom makes a point of saying he isn’t hungry. His mother scolds him for being so rebellious and(domestic violence) "for turning a deaf ear and saying that I don’t care if you have your dinner or not!"

Tom and the new arrival of Becky Thatcher causes a rift between Tom and his older sister, Mary. Tom has sworn the girl himself to disguise his whereabouts on the night of the school dance, and eventually chooses the newcomer all the way home.

When he returns home in the evening, Tom finds Aunt Polly waiting for him. She notices his dirtied clothes and resolves to make him work the next day, a Saturday, as punishment.
